Goal

My main goal is to improve the skills of web development.

Experiences

- Junior PHP Developer

Company: SiteDevel, Cherkasy (Web Development)

Duties: debugging and small improvements of the sites developed by Laravel, WordPress, and Magento. Also I was working on developing RESTful API on Laravel and was writing documentation on swagger.

Skills

Skills are valued subjectively, level of expertise rate from 1 to 5:

1 - Basic knowledge;

5 - Expert;

- | | |
|-------------------|---------------------------|
| - HTML5, CSS3 – 3 | - Bootstrap – 3 |
| - JavaScript – 3 | - TypeScript, Angular – 2 |
| - MySQL – 2 | - PostgreSQL – 1 |
| - PHP – 3 | - WordPress – 1 |
| - Laravel – 2 | - Symfony – 1 |
| - Linux – 2 | - Git, GitHub – 3 |

Languages

- English – Pre-Intermediate

Education

University: Cherkasy State Technological University

Specialty: Computer Science

2015 - 2019

Curses

- GeekHub Advanced PHP.
<http://geekhub.ck.ua/courses/#advanced-php>
- HtmlAcademy
<https://htmlacademy.ru/profile/id858525>
- Hexlet PHP Developer
https://ru.hexlet.io/u/cool_developer

Projects

- Deanoffice - University DEANOFFICE project for generating documents. My role on this project was frontend developer. Frontend part of project use Angular 5. Results of my work you can find on GitHub.
